

## **“Ground and Space Astronomy – Challenges & Synergies” Forum 18–19 November 2021**

### **DAY 1: Thursday, November 18, 2021**

**09:00** Welcome & Introduction of Participants (15')

**09:15 Keynote 1: Ewine van Dishoeck (30')**

Challenges & Synergies of Ground and Space Astronomy: **The Science View**

**09:45** Special (online) contribution A: Satoshi Miyazaki (15')

The Japanese (Subaru) perspectives of ground-space cooperation

**10:00** Discussions (45')

**10:45 - 11:15 Coffee Break**

**11:15 Keynote 2: Fabio Favata (30')**

Challenges & Synergies of Ground and Space Astronomy: **The Space-based/ESA view**

**11:45** Special contribution B: Timo Prusti (15')

The ESA Gaia experience on space-ground cooperation

**12:00** Discussions (45')

**12:45 - 14:15 Lunch Break**

**14:15 Keynote 3: Bruno Leibundgut (30')**

Challenges & Synergies of Ground and Space Astronomy: **The Ground-based/ESO View**

**14:45** Special contribution C: Steve Kahn (15')

The U.S. (Rubin, Roman) perspectives of ground-space cooperation

**15:00** Discussions (45')

**15:45 - 16:15 Coffee Break**

**16:15** Individual Contributions & Structured Discussions (120')

**19:30 Dinner**

# “Ground and Space Astronomy – Challenges & Synergies” Forum 18–19 November 2021

## **DAY 2: Friday, November 19, 2021**

### **09:00 Keynote 4: Willy Benz (30')**

Challenges & Synergies of Ground and Space Astronomy: **The Exoplanet View**

**09:30** Discussions (45')

**10:15 - 10:45** Coffee Break (30')

**10:45** Individual Contributions, Discussions and Conclusions (120')

**13:00** End of ISSI Forum
