

Workshop on “Magnetic Reconnection: Explosive Energy Conversion in Space Plasmas”

27 June – 1 July 2022

Participants marked in blue are participating remotely

CONVENERS

Nakamura	Rumi	Austrian Academy of Sciences, Space Research Institute, Graz, Austria
Burch	James	Southwest Research Institute, San Antonio, USA
Drake	James	University of Maryland, College Park, USA
Giles	Barbara	NASA Goddard Space Flight Center, Greenbelt, USA
Hesse	Michael	NASA Ames Research Center, Moffet Field, USA
Hoshino	Masahiro	University of Tokyo, Japan
Lavraud	Benoit	Laboratoire d'Astrophysique de Bordeaux, CNRS, Bordeaux, France
Torbert	Roy	University of New Hampshire, Durham, USA

PARTICIPANTS

Argall	Matthew	University of New Hampshire, Durham, USA
Baker	Daniel	University of Colorado, LASP, Boulder, USA
Bandyopadhyay	Riddhi	Princeton University, USA
Bessho	Naoki	NASA Goddard Space Flight Center, Greenbelt, USA
Büchner	Jörg	Max-Planck-Institute for Solar System Research, Germany
Chasapis	Alexandros	University of Colorado, LASP, Boulder, USA
Chen	Bin	New Jersey Institute of Technology, USA
Chen	Li-Jen	NASA Goddard Space Flight Center, USA
Cohen	Ian J.	Johns Hopkins University Applied Physics Laboratory, USA
Cozzani	Giulia	University of Helsinki, Finland
Denton	Richard	Dartmouth College, Hanover, USA
Dokgo	Kyunghwan	Southwest Research Institute, San Antonio, USA
Eastwood	Jonathan	Imperial College London, United Kingdom
Egedal	Jan	University of Wisconsin-Madison, USA
Ergun	Robert	University of Colorado, LASP, Boulder, USA
Eriksson	Stefan	University of Colorado, LASP, Boulder, USA
Fuselier	Stephen	Southwest Research Institute, San Antonio, USA
Genestreti	Kevin	University of New Hampshire, Durham, USA
Gershman	Daniel	NASA Goddard Space Flight Center, Greenbelt, USA

Graham	Daniel	Swedish Institute of Space Physics, Uppsala, Sweden
Guo	Fan	University of Arizona, Tucson, USA
Hasegawa	Hiroshi	Japan Aerospace Exploration Agency, ISAS, Japan
Holmes	Justin	Los Alamos National Laboratory, USA
Hwang	Joo	Southwest Research Institute, San Antonio, USA
Imada	Shinsuke	University of Tokyo, Japan
Ji	Hantao	Princeton University, USA
Khotyaintsev	Yuri	Swedish Institute of Space Physics, Uppsala, Sweden
Liu	Yi-Hsin	Dartmouth College, Hanover, USA
Longcope	Dana	Montana State, USA
Moore	Thomas	NASA/GSFC, USA
Nakamura	Takuma	Austrian Academy of Sciences, Space Research Institute, Graz, Austria
Norgren	Cecilia	University of Bergen, Norway
Oka	Mitsuo	University of California Berkeley, USA
Omelchenko	Yuri	Space Science Institute, USA
Phan	Tai	University of California Berkeley, USA
Qiu	Jiong	Montana University, USA
Reiff	Patricia	Rice University, Houston, USA
Shay	Michael	University of Delaware, Newark, USA
Shuster	Jason	NASA Goddard Space Flight Center, Greenbelt, USA
Sitnov	Mikhail	Johns Hopkins University, Applied Physics Laboratory USA
Stawarz	Julia	Imperial College London, United Kingdom
Toledo-Redondo	Sergio	Universidad de Murcia, Spain
Turner	Drew L.	Johns Hopkins University Applied Physics Laboratory, USA
Wang	Shan	University of Maryland, USA
Webster	James	Rice University, Houston, USA
Wilder	Frederick	University of Texas, USA
Yoo	Jongsoo	Princeton University, USA
Zenitani	Seiji	Kobe University, Japan
